Description Check this unique innovative orthopedic seat - posture corrector invented by Russian scientist Vladimir Tolstunov (RF Patent # 2276571)

Compared to the original Spine-Ok seat, 3D-seat has 2 additional wheels at the back preventing a child to recline.

It is relevant for children and is famous for its healing effects:

- * back pain relief
- * stress level reduction
- * posture correction
- * spine flexibility and strength restoration
- * headache relief
- * P.M.S. pain relief
- * partial restoration of eyesight
- * improvement of sleep, mood and overall health
