Description Organic Chia seed oil is suitable for all skin types, especially for dry/flaky, sensitive, and mature, aging skin. This oil improves elasticity, tone, and it encourages regeneration of skin cells.

The fatty acid Omega 3 in Chia Seed Oil helps the skin's barrier function to maintain moisture levels and to maintain a healthy protective layer, relieving irritation, dryness and peeling, reducing the appearance of wrinkles and leaving skin soft and smooth. It will help to keep your skin healthy.

The concentration of zinc combined with its ability to regenerate tissue may also help to combat acne and acne scars.

Used topically for scars, stretch marks, rashes, burns, acne scars, and cracked skin, among other conditions.
